Display icons for region 4

Objective – I / IV
What is it?

An open collection of XXth century architecture, available on the internet

Iglesia del Monasterio Benedictino (1963)

PDF version

Conception CORREA Martin, GUARDA Gabriel
Engineering RAMIREZ Raul
Contracting authority Salinas y Fabres y Cia. Ltda.
Credit UIA

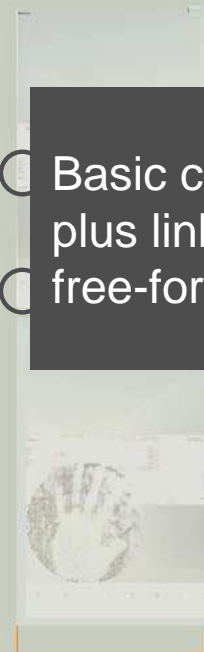

Initial use Religion
Present use Religion
Stylistic affiliation modern movement
State bon état

External links URL of presentation :
<http://www.puc.cl/faba/ARQUITECTURA/IGLESIAS/Benedict.html>

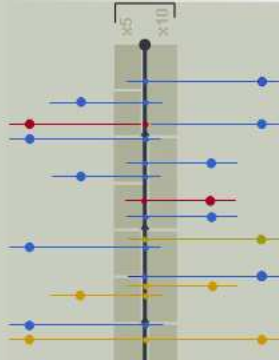

Objective – II / IV
What information is available?

Basic criteria on the system, plus links to independent free-form internet documents

© 2008 UIA - UMR CNRS/MCC 694 MAP |

Member sections of the UIA provide basic info on edifices, and optionally upload more detailed PDF files and links

Objective – III / IV
 Who does what?

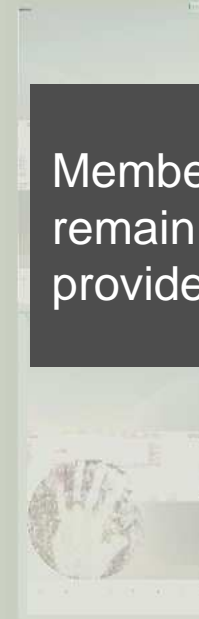

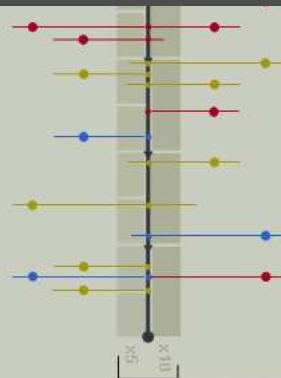

Display icons for region 4

Objective – IV / IV
Who owns what?

Member sections of the UIA
remain owners of the info they
provide

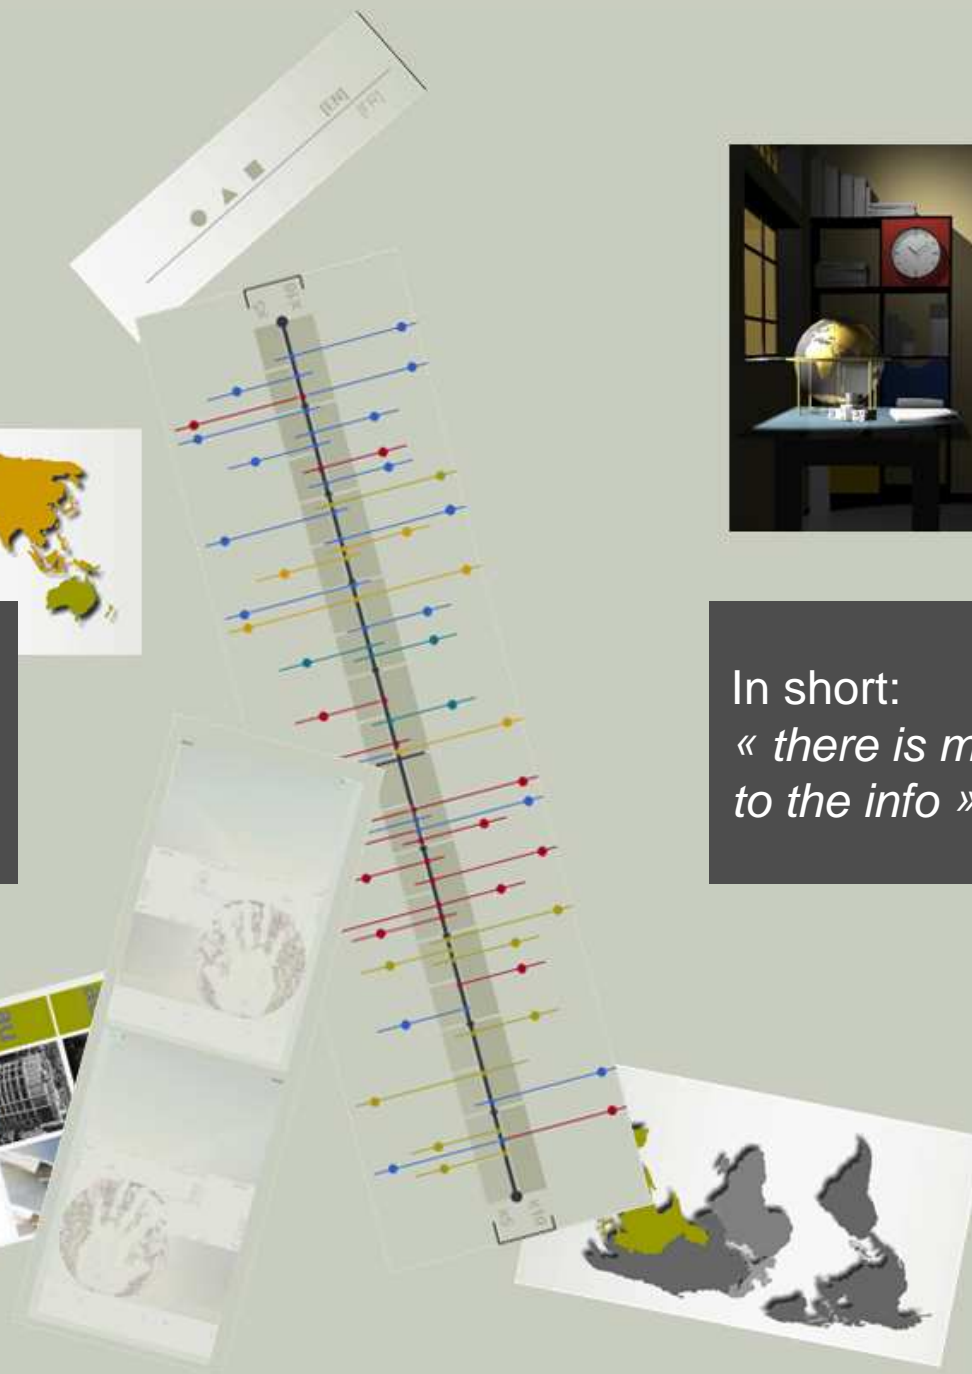

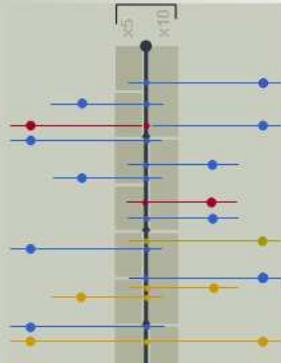

How to browse the system - I
The interface: several menus
allow searching in the collection

In short:
« *there is more than one road
to the info* »

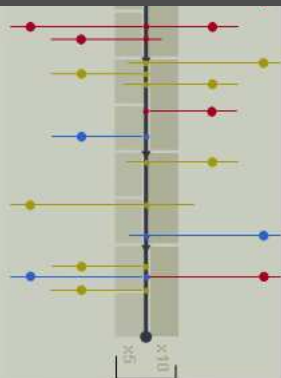

Display icons for region 2

How to browse the system - II Alternative search modes

Simple search

By country
By city

Four simple search modes,
icons, date, geography,
one-criterion text,
with graphics used as menus

An initiative of the **UIA** - *International Union of Architects*
launched under the presidency of Sara Topelson De Grinberg, and followed
from then on.

<http://www.map.archi.fr/UIA>

System designed, developed and maintained
by the **MAP** research unit – *UMR CNRS/MCC 694 MAP*

Jean-Yves Blaise, with A.Durand, T.Driscu, P.Bénistant

<http://www.map.archi.fr>

With support from the French Ministry for Culture and
Communication

under the initiative of Jean-Marie Besnier

With the collaboration of **DOCOMOMO**

Acknowledgments to Johannes Vermeer (Delft, 1632-1675)

*We thank UIA member sections who have already
devoted time and energy to load data on the system*
